3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

Date	Time	Show#	Topic/Guest
7/5/14	22:00	#701	Sacramento Valley Chorus Sacramento Valley Chorus hosted a "FUN" raiser to replace their old risers, Saturday, July 12. The California Auto Museum was turned into "River City Speakeasy and Casino" with a Poker Tournament and other fun activities. Guest: Carrie Melashenko and Alison Miller of the Sacramento Valley Chorus
7/12/14	22:00	#702	Solar Cooking Convention The SCI net Solar Cooking Convention was held July 17th through the 19th at The California Auto Museum with a free public cooking demonstration in Land Park. SCI works to improve human health, quality of life, and environments for nearly 3 billion people who cook over open fires by promoting solar thermal cooking technology. The sun's free; zero-emission energy produces no household air pollution, preserving the environment as people cook food and pasteurize drinking water. Guest: Monica Woods, Solar Cookers International board member
7/19/14	22:00	#703	Making Home Affordable Free federal program designed to help homeowners who are having a tough time making their mortgage payments get the mortgage help they need. Whether homeowners are behind on their payments or juggling bills, worried about making the next payment, they can and should reach out to find out what Making Home Affordable options might work best. Guest: Brad Dwin, Deputy Director
7/26/14	22:00	#704	Legal Advice for Aging Boomers When you need a lawyer, it would be nice to know a little bit about the best way to handle the situation. Attorney Amy Ochi is a local attorney serving all of Sacramento and Placer counties, specializing in the aging population which includes Boomer's faced with challenges for parents and they have not necessarily planned ahead. Amy gave a detailed list of items you need to get handled as early as possible. Guest: Amy Ochi, Attorney

3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

8/2/14	22:00	#801	Camp Sweet Dreams Entercom Sacramento and Sleep Train partnered with local organizations to provide an experience of a lifetime for local foster kids by sending them to camp. Foster children often miss the traditional childhood experiences, such as going away to camp, due to financial limitations. Guest: Jennifer Harper, Director of Development and Marketing for Alternative Family Services.
8/9/14	22:00	#802	80's Rewind Music Festival Easter Seals of Superior California was established in 1992. They use donated resources and make sure they are maximized to their full potential for client services. Dedicated to a belief that all people with disabilities will have equal opportunity to live, learn, work and play in their communities. Guest: Gary Novak and Steve Garland, Easter Seals
8/16/14	22:00	#803	Emigrant Trails Bike Trek The mission is Clean Air, Healthy Lungs and a Tobacco Free Future. The Emigrant Trails Bike Trek celebrated their 28th year. The Trek is 3 days of cycling with 2 days of camping in Lake Tahoe. The routes are designed to accommodate beginning riders as well as seasoned competitive riders. Guest: Kori Titus, Breathe CEO and Stacy Springer, Trek Director
8/23/14	22:00	#804	California Victim Compensation Program CalVCP can help victims of crimes that occur in California as well as California residents who become victims while visiting other states or outside the country. People who suffer a monetary loss because of death or injury to a crime victim may also be eligible for compensation. Guest: Jon Myers, Deputy Executive Officer of Public Affairs and Anne Gordon, Public Information Officer
8/30/14	22:00	#805	Placer Food Bank The leading hunger-relief charity in Placer, El Dorado and Nevada counties serves as the primary food collection and distribution center for hunger-relief efforts in the area, distributing fresh and non-perishable food to the hungry through their network of more than 60 local hunger-relief and charitable organizations. Guest: Dave Martinez, Executive Director of Placer Food Bank, Chris Robles, CEO of the Roseville Community Development Corporation

3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

9/6/14	22:00	#901	Sacramento Horsemen's Association The Foundation of the Sacramento Horsemen's Association Presents the Second Annual Benefit Golf Tournament, Friday September 19 at Haggin Oaks Golf Complex. A local non-profit, serving The Sacramento Region. Providing community awareness, Equine Education to over 329 members. Guest: Paris Frazier, President and Janice Bachelor, Treasurer
9/13/14	22:00	#902	Fiestaval Benefit Concert Raising funds for Sacramento non-profits through an evening of music, dance and entertainment. Benefiting the Children's Miracle Network, a non-profit organization that raises funds for more than 170 children's hospitals and Blue Heart International, a non-profit organization with the goal of providing survivors of human trafficking a place to work, live, and learn what it means to be loved for the first time. Guest: Charlie Albertalli and Trisha Pickerel of Children's Miracle Network and Blake McCall, Blue Heart International
9/20/14	22:00	#903	Stand Up Placer firmly believes that everyone deserves to live a life free from violence. They provide victims of domestic violence and sexual assault in Placer County with a safe, caring and nurturing environment. The 4th Annual 'Stand Up and Run' to benefit Stand Up Placer is Saturday October 4 at Roseville Sculpture Park. Guest: Michelle Coleman, Executive Director
9/27/14	22:00	#904	Soroptimist Donates proceeds from their fundraisers to charitable organizations benefitting women and children. They also provide scholarships for graduating high school seniors and also for women seeking to improve their lives. The Cameron Park Show and Shine Benefit is Saturday, October 4 at Cameron Park Airpark. Event shows classic cars and airplanes with vendor Booths, food, beer & wine, Live bands, DJ and Kid zone. Guest Judy Dowd, Soroptimist

Quarterly Issues Report – Q3 Third Quarter, July 6-September 28, 2014
Radio Health Journal Programs 14-27 through 14-39

During the third quarter of 2014 the following compliancy issues were covered:

Agriculture	Mental health
Business and industry	Mental illness;
Community activism	Parenting issues
Consumer safety	Pets and people
Consumerism	Police
Diet & Nutrition	Police brutality
Disabilities	Pollution
Economy	Poverty
Education	Prevention
Elderly and senior citizens	Prisons
Environment	Psychology
Family issues	Public health
Federal government and regulation	Public safety
Health care	Rehabilitation
Homelessness	School truancy
Interpersonal relationships	Technology
Laws and the legal system	Traffic and highway safety
Medicine & Medical Technology	Youth at risk

Program # 14-27 Air week: 7-6-14

SEGMENT 1: Cued speech for deaf children 11:36

Synopsis: The average deaf high school graduate reads at about a 4th grade level. Some schools are teaching a technique called cued speech to make phonics accessible to deaf people. Many educators say this helps with literacy. Experts explain and discuss.

Host: Reed Pence. Guests: Sarina Roffe, Executive Director, National Cued Speech Assn.; Angela Kuhn, Principal, Prek-K-8th Grade, Illinois School for the Deaf

COMPLIANCY ISSUES COVERED: education; youth at risk; school truancy; parenting issues; mental health issues

SEGMENT 2: Locked-In Syndrome 08:13

Synopsis: Some people who have a stroke in the brain stem suffer from a condition where they are fully conscious and aware, yet appear to be in a coma because they cannot move a muscle, except for sometimes the eyes. They may remain in this "locked-in" state for years.

Host: Nancy Benson. Guests: Allison O'Reilly, Locked-In Syndrome survivor and author, Out Of the Darkness; Dr. Ralph Sacco, Chairman of Neurology, Univ. of Miami Miller School of Medicine and former President, American Heart Assn.

COMPLIANCY ISSUES COVERED: health care; disabilities

Program #14-28 Air week: 7-13-14

SEGMENT 1: Antibacterial Silver Nanoparticles 11:36

Synopsis: Silver nanoparticles provide germ resistant characteristics to anything containing them, so silver nano is being added to all kinds of consumer products, from teddy bears to computer hard drives. However, scientists aren't sure what the effects of silver nano is in the environment or on the human body.

Host: Reed Pence. Guests: Dr. Samuel Luoma, Research Ecologist, John Muir Institute of the Environment, Rosalind Volpe, Exec. Director, Silver Nanotechnology Working Group; Marina Quadros, Research Scientist, Virginia Tech Univ.

COMPLIANCY ISSUES COVERED: technology; consumerism; business and industry; economy; health care; environment; consumer safety; federal government and regulation

SEGMENT 2: Back pain 7:07

Synopsis: Back pain hits 80 percent of Americans at some point in their lives. An expert discusses why it can be so hard to diagnose and treat.

Host: Nancy Benson. Guest: Dr. Steven Stanos, Director, Center for Pain Management, Rehabilitation Institute of Chicago

COMPLIANCY ISSUES COVERED: health care; public health; rehabilitation

Program #14-29 Air week: 7-20-14

SEGMENT 1: Talking to your baby 11:49

Synopsis: Scientists have discovered that the way parents talk to their infants has a huge effect on their intellectual development and later success. Experts discuss why and how parents should hold "conversations" with their babies.

Host: Reed Pence. Guests: Dr. Anne Fernald, Assoc. Prof. of Psychology, Stanford Univ.; Dr. Kimberly Noble, Assoc. Prof. of Pediatrics, Columbia Univ.

COMPLIANCY ISSUES COVERED: youth at risk; education; parenting issues; economics

SEGMENT 2: Near drowning and secondary drowning 7:23

Synopsis: Some 700 American children under age 14 die of drowning each year. But when a child is pulled out of the water and revived, they may face lifethreatening peril hours or days later as the body reacts. Experts discuss.

Host: Nancy Benson. Guests: Dr. Christopher Michos, emergency physician, St. Vincent's Medical Center, Bridgeport, CT; Dr. Luis Torero, Division Chief, Pediatric Critical Care, Advocate Children's Hospital, Oak Lawn, IL

COMPLIANCY ISSUES COVERED: youth at risk; parenting issues; public safety

Program #14-30 **Air week: 7-27-14** 11:14

SEGMENT 1: Fecal transplants

Synopsis: Doctors have discovered that a transplant of fecal material from a healthy person into a sick one can cure sometimes fatal c. difficile infections more than 90 percent of the time. In the past, the "ick factor" has contributed to the technique being seldom used. That is finally starting to change, and researchers are looking for ways to clean up the procedure.

Host: Reed Pence. Guests: Catherine Duff, founder and President, Fecal Transplant Foundation; Dr. Elizabeth Hohmann, Assoc. Prof. of Medicine, Harvard Medical School and Massachusetts General Hospital; Dr. Robert Orenstein, Chair of Infectious Diseases, Mayo Clinic--Arizona

COMPLIANCY ISSUES COVERED: health care; public health; consumerism

SEGMENT 2: The psychology of weight loss surgery 8:31

Synopsis: People who get bariatric surgery often face drastically changed relationships with spouses, children, and friends. Their self image also often needs repair, all while they've lost their most reliable old coping mechanism--food.

Host: Nancy Benson. Guests: Dr. Adam Crane, psychologist, Kane Center for Advanced Surgical Weight Solutions and Suburban Surgical Care Specialists, Hoffmann Estates, IL; Dr. Nick Nicholson, Medical Director, Nicholson Clinic for Weight Loss Surgery, Plano, TX.

COMPLIANCY ISSUES COVERED: health care; consumerism

Program #14-31 **Air week: 8-3-14**

SEGMENT 1: Are saturated fats as bad as we think? 12:18

Synopsis: Most Americans know that saturated fats are bad for their health. But some experts now say saturated fat has been unfairly villified, the victim of bad science in the 1950's. Many of these scientists say the real culprit is carbohydrates in combination with fats. Other experts say the truth is much more complicated. Experts on both sides discuss the evidence.

Host: Reed Pence. Guests: Nina Teicholz, author, Big Fat Surprise: Why Butter, Meat and Cheese Belong in a Healthy Diet; Dr. Eric Westman, Assoc. Prof. of Medicine, Duke Univ. Medical Center; Dr. Penny Kris-Etherton, Prof. of Nutrition, Penn State Univ.; Dr. Walter Willett, Chair, Dept. of Nutrition, Harvard School of Public Health

COMPLIANCY ISSUES COVERED: health care; public health; consumerism

SEGMENT 2: Asperger's Syndrome from inside 7:31

Synopsis: Most people don't understand Asperger's Syndrome, which affects high functioning people with autism. Most of those with the syndrome can't express what their lives are like, but here, one person with the syndrome articulates his unusual world.

Host: Nancy Benson. Guest: Aaron Likens, author, Finding Kansas: Living and Decoding Asperger's Syndrome

COMPLIANCY ISSUES COVERED: disabilities; mental health; education

Program #14-32 **Air week: 8-10-14** 11:48

SEGMENT 1: Police crisis intervention teams

Synopsis: Police confrontations with mentally ill subjects can quickly turn tragic, as neither side often understands the other. Specially trained crisis intervention teams have spread around the country to prevent deaths, injuries, and unnecessary incarceration. Experts discuss how CIT works.

Host: Reed Pence. Guests: Laura Usher, Crisis Intervention Team Program Manager, National Alliance on Mental Illness (NAMI); Mary Neal, Director and co-founder, Assistance to the Incarcerated Mentally Ill; Dr. Randolph DuPont, clinical psychologist and Prof. of Criminal Justice, Univ. of Memphis; Sam Cochran, Major, Memphis Police Dept. (retired) and Project Coordinator, Univ. of Memphis CIT Center.

COMPLIANCY ISSUES COVERED: public safety; mental illness; police and criminal justice; police brutality; education; community activism; prisons

SEGMENT 2: Zoobiquity: diseases and disorders we share with animals 8:11

Synopsis: Humans and animals share many diseases, and surprisingly, many behavioral disorders as well.

Host: Nancy Benson. Guests: Dr. Barbara Natterson-Horowitz, cardiologist, UCLA Medical Center and co-author, Zoobiquity: What Animals Can Teach Us About Health and the Science of Healing; Kathryn Bowers, co-author, Zoobiquity

COMPLIANCY ISSUES COVERED: pets and people; psychology

Program #14-33 **Air week: 8-17-14**

SEGMENT 1: Alzheimer's from inside 12:42

Synopsis: Millions of Americans will experience the slow loss of memory due to Alzheimer's disease. But what is it like for those going through it. A journalist describes how he hopes to provide the most detailed look yet as he progresses through early-onset Alzheimers.

Host: Reed Pence. Guest: Greg O'Brien, author, On Pluto: Inside the Mind of Alzheimer's

COMPLIANCY ISSUES COVERED: health care; public health; consumerism; family issues; elderly and senior citizens; disabilities

SEGMENT 2: Seasonal eating 8:08

Synopsis: Eating fruits and vegetables that are locally in season has many health benefits, but consumers also need to be careful of pesticides. Experts discuss.

Host: Nancy Benson. Guests: Jolene Hart, author, Eat Pretty: Nutrition for Beauty Inside and Out; Dr. Alex Lu, Assoc. Prof. of Environmental Exposure Biology, Harvard Univ. School of Public Health; Joan Dye Gussow, Prof. Emeritus and former Chair, Columbia Teachers College Nutrition Education Program and author, This Organic Life: Confessions of a Suburban Homesteader

COMPLIANCY ISSUES COVERED: Consumerism; agriculture; environment and pollution; public health

Program #14-34 Air week: 8-24-14

SEGMENT 1: Setting speed limits 11:28

Synopsis: Auto crashes kill more than 35,000 people in the US each year, but that toll is down dramatically even as speed limits have been going up. Engineers now realize that artificially slow speed limits can be more dangerous than high speeds.

Host: Reed Pence. Guests: John Bowman, Communications Director, National Motorists Assn.; Lt. Garry Megge, Traffic Services Division, Michigan State Police; Dr. David Noyce, Prof. of Civil and Environmental Engineering and Director, Traffic Operations and Safety Laboratory, Univ. of Wisconsin-Madison.

COMPLIANCY ISSUES COVERED: traffic and highway safety; public safety; police, laws and legal system

SEGMENT 2: When summer bites 12:31

Synopsis: Summer vacation can be marred by mosquito and tick bites and by the rash of poison ivy. Home remedies abound on the internet, but do any of them work? What does? Experts discuss the best ways to avoid these problems and get relief.

Host: Nancy Benson. Guests: Joseph Conlon, Technical Advisor, American Mosquito Control Association; Dr. Phillip Baker, Exec. Dir., American Lyme Disease Foundation; Dr. Jamie Weisman, scholar, American Academy of Dermatology and physician, Peachtree Dermatology Associates, Atlanta.

COMPLIANCY ISSUES COVERED: consumerism

Program #14-35 Air week: 8-31-14

SEGMENT 1: Hypoplastic left heart syndrome 12:28

Synopsis: Newborns born with virtually "half a heart" can now be saved through a series of surgeries rerouting their heart blood flow. An expert, a cardiac nurse and the mother of one such child discuss the successes and questions these procedures raise.

Host: Reed Pence. Guests: Diana Scoles, mother of child born with hypoplastic left heart syndrome; Dr. Michael Gewitz, Physician In Chief & Chief, Pediatric Cardiology, Maria Fareri Children's Hospital, Westchester Medical Center, Valhalla, NY, Prof. of Medicine, New York Medical College and past Chair, Council of Cardiovascular Disease in the Young, American Heart Assn; Angela Boomsma, nurse in Advocate Medical Group Pediatric Cardiology Practice

COMPLIANCY ISSUES COVERED: health care; youth at risk; technology

SEGMENT 2: Cystic fibrosis nutrition 7:49

Synopsis: Most people know cystic fibrosis as a disease that clogs the lungs with mucous, but the same sort of mucous also clogs ducts for digestive secretions, making it very difficult for CF patients to digest food and get adequate nutrition. Two experts discuss the results of this problem and ways patients get around them.

Host: Nancy Benson. Guests: Sue Landgraf, mother of CF patient and Executive Director, Cystic Fibrosis Research, Inc.; Suzanne Michel, registered dietitian and Clinical Asst. Prof, Medical Univ. of South Carolina Cystic Fibrosis Center.

COMPLIANCY ISSUES COVERED: consumerism; health care; youth at risk

Program #14-36 Air week: 9-7-14

SEGMENT 1: "Marriage 101" 7:54

Synopsis: Nearly half of marriages end in divorce in the US. A college course at Northwestern Univ. seeks to give students tools to build relationships that last, with lessons for all of us. The course's teacher and a student who recently took the course explain.

Host: Reed Pence. Guests: Dr. Alexandra Solomon, Asst. Clinical Prof. of Psychology, Northwestern Univ.; Denise Zou, student, Northwestern Univ.

COMPLIANCY ISSUES COVERED: family relationships; interpersonal relationships; education

SEGMENT 2: TBI's and homelessness 11:24

Synopsis: New research is showing that a remarkably high proportion of homeless men have suffered a traumatic brain injury in the past, raising the possibility that TBIs may cause behaviors directly leading to homelessness.

Host: Nancy Benson. Guests: Dr. Jane Topolovec-Vranic, Associate Scientist, St. Michael's Hospital, Toronto, and Asst. Prof. of Occupational Science, Univ. of Toronto; Dr. Steven Hwang, Research Scientist, St. Michael's Hospital, Toronto, and Prof. of Medicine, Univ. of Toronto

COMPLIANCY ISSUES COVERED: homelessness; poverty; health care; rehabilitation; prevention

Program #14-37 Air week: 9-14-14

SEGMENT 1: Discoid lupus 9:23

Synopsis: Lupus results when the immune system turns on the body, producing inflammatory attacks on virtually any organ. A minority of patients have lupus only on the skin, and while this is not life threatening, it can still be psychologically devastating.

Host: Reed Pence. Guests: Dr. Christopher Hansen, Asst. Prof. of Dermatology, Univ. of Utah; Dr. Victoria Werth, Prof. of Dermatology, Univ. of Pennsylvania & Chief, Dermatology Section, Philadelphia VA Medical Center; Dr. Betty Diamond, Investigator, Feinstein Institute for Medical Research

COMPLIANCY ISSUES COVERED: health care; consumerism; technology

SEGMENT 2: "Prozac kids" grow up

12:14

Synopsis: Use of prescription medications for mental disorders among children and adolescents is growing rapidly. An author, herself a Prozac user since age 17, discusses attitudes toward medications revealed in her extensive interviews with dozens of similar subjects.

Host: Nancy Benson. Guests: Kaitlin Bell Barnett, author, Dosed: The Medication Generation Grows Up

COMPLIANCY ISSUES COVERED: youth at risk; mental illness; education

Program #14-38

Air week: 9-21-14

SEGMENT 1: Income and life expectancy

12:06

Synopsis: Average life expectancy in the US is increasing, but among lower income people it is not, and the lifespan gap between rich and poor is increasing. Even middle class people have shorter lifespans than the rich. Experts discuss how a large income buys extra years of life, and why a lower income produces barriers to a longer life.

Host: Reed Pence. Guests: Dr. David Kindig, Emeritus Prof. of Population Health Sciences, Univ. of Wisconsin-Madison; Dr. Michael Reisch, Daniel Thursz Distinguished Prof. of Social Justice, Univ. of Maryland

COMPLIANCY ISSUES COVERED: public health; economics; poverty; youth at risk; employment; worker safety; health care; consumerism

SEGMENT 2: Traveling with a disability

8:19

Synopsis: Leisure travel is possible for people with disabilities if they plan well in advance and communicate their needs ahead of time. A travel writer with a disability discusses.

Host: Nancy Benson. Guest: Kendra Williams, Executive Editor, MStravels.org.

COMPLIANCY ISSUES COVERED: disabilities; consumerism

Program # 14-39

Air week: 9-28-14

SEGMENT 1: High school starting times

12:41

Synopsis: Research is piling up showing that high school age students have a natural circadian rhythm that calls for them to sleep from about 11:00pm to 8:00am. Most schools start class before 8:00, leaving most students with a severe and detrimental sleep deficit. Experts discuss how a growing number of schools are pushing classes to later in the day for student benefit.

Host: Reed Pence. Guests: Dr. Kyla Wahlstrom, Director, Center for Applied Research and Educational Improvement, Univ. of Minnesota; Dr. Terra Ziporyn Snider, Co-Founder & Exec. Director, Start School Later.

COMPLIANCY ISSUES COVERED: public health; education; youth at risk

SEGMENT 2: The search for why we yawn

6:59

Synopsis: Virtually all vertebrates yawn, but no one really knows why we do it. Experts discuss theories and the evidence behind them.

Host: Nancy Benson. Guests: Dr. Robert R. Provine, Prof. of Psychology, Univ. of Maryland-Baltimore County; Dr. Andrew Gallup, Asst. Prof. of Psychology, State Univ. of New York at Oneonta

COMPLIANCY ISSUES COVERED: consumerism

3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

Date	Time	Show#	Topic/Guest
7/6/14	22:00	#701	Eppie's Great Race The 41st annual "Eppie's Great Race" was held Saturday, July 19, 2014. A fundraising event benefiting programs for the Sacramento County Therapeutic Recreation Services that support mentally- and physically-challenged people. Proceeds from the Eppie's Great Race entry fees are donated to support SCTRIS and other programs benefiting the disabled. To date, Eppie's Great Race has raised more than \$1 Million for SCTRIS, accounting for over 20% of the program's budget. Guest: George Johnson, Chairman, Charlie Willard, Race Director
7/13/14	22:00	#702	Office Of Traffic Safety Summer is when people everywhere plan vacations, backyard get-togethers, and other outdoor activities to take advantage of the warm weather. With that in mind, the Office Of Traffic Safety offers important traffic safety tips to consider before hitting the road. DUI becomes a concern as people may get behind the wheel after drinking, as even one or two drinks can impair driving. Guest: Chris Cochran, California Office of Traffic Safety
7/20/14	2:00	#703	Acute Lymphoblastic Leukemia Erec Weber wrote a book about his son, Bryce, after he was diagnosed with Acute Lymphoblastic Leukemia at the age of 4. It's a self-published children's book that explains what happens during treatment and inspires patients to fight and stay positive. A portion of the proceeds from every book go to the Leukemia Lymphoma Society and to The Keaton Raphael Memorial. Guest: Erec Weber, Author
7/27/14	22:00	#704	925 Working Women International was established to educate, empower, and equip women with the tools and resources necessary to secure and maintain employment. The vision is to ensure women have support and access to what they need in order to become economically independent. This includes, but is not limited to, guidance and referrals to help eliminate barriers that would otherwise hinder or prevent employment, such as domestic abuse, childcare, transportation, legal matters, housing, food, and clothing. Guest: Terre Johnson,

KDND-HD2

3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

			Executive Director of the Oak Park Business Association.
8/3/14	22:00	#801	Volunteers Of America One fifth of homeless people are veterans, California has the largest veteran population and 20,000 troops are coming home in the next few years. Promises made to our service men and women need to be kept. Volunteers of America is a ministry of service that includes nearly 16,000 paid, professional employees dedicated to helping those in need rebuild their lives and reach their full potential. VOA touches the lives of more than 2 million people in over 400 communities in 46 states as well as the District of Columbia and Puerto Rico each year. Guest: Becca Bettis, Program Director of VOA
8/10/14	22:00	#802	Regional Water Authority California is experiencing one of its worst droughts in decades and the Sacramento region has been hit especially hard. Folsom Reservoir reached historic lows this winter. To preserve water in the region's lakes and rivers, local water providers urged residents to reduce water use by 20 percent or more. The Governor has declared a statewide drought emergency. Guest: Amy Talbot, Water Efficiency Program Manager, Regional Water Authority
8/17/14	22:00	#803	Smile Generation Smile Generation Serve Day is held annually to provide free dental treatment to community members who do not otherwise have access to dental care. Smile Generation-trusted dental offices team up with local organizations and community partners, such as youth centers, nonprofit organizations and churches, to identify individuals in need of basic dental care. Patients receive anything from cleanings, exams and Digital X-rays to extractions and restorations. In the three years that Smile Generation Serve Day has been held, nearly \$6 million in free dentistry has been provided. Guest: Courtney Isset, Pacific Dental
8/24/14	22:00	#804	Rubicon Trail The Rubicon Trail Foundation, a federally recognized, non-profit organization dedicated to the future health of the Rubicon Trail. RTF acts as the support for Rubicon work projects and as liaison with local government organizations. Support ranges from getting approval for projects, feeding the volunteers and buying

3RD QUARTER REPORT

July 1, 2014 - September 30, 2014

			supplies to maintain the trail. They fight efforts to close or restrict use of the Rubicon Trail System. Guest: John Arenz and Tim Green, Rubicon Trail Foundation
8/31/14	22:00	#805	Amador County Fire Relief Fundraiser for the Amador County wine region. Discussing what effects the Sand Fire and the drought are having on the forty one wineries located in the heart of the Sierra foothill Gold Country. Guest: Jeff Meyers and Jennifer Pechette, Amador County Vintners Association
9/7/14	22:00	#901	American Heart Association The Heart & Stroke Walk promotes physical activity and raises heart health awareness. The 2014 Sacramento Community Heart & Stroke Walk is September 20 at William Land Park. A non-competitive 5K/3.1 mile course open to both walkers and runners. There is also a 1 mile route. Funds raised go to the American Heart Association's goal to fund research and find better ways to treat and prevent cardiovascular disease and stroke. Guest: Michael Castillo, Director of Communications & Marketing
9/14/14	22:00	#902	Taste Of Sacramento Easter Seals of Superior California was established in 1992. They use donated resources and make sure they are maximized to their full potential for client services. Dedicated to a belief that all people with disabilities will have equal opportunity to live, learn, work and play in their communities. Guest: Gary Novak and Steve Garland, Easter Seals
9/21/14	22:00	#903	United Way For more than 90 years, United Way California Capital region has been working to address the community's most pressing issues. Improving lives and making the community a better place to live. United Way mobilizes local partners, including businesses, community leaders, public officials, and community residents, to expand opportunities for people to succeed. Guest: Stephanie McLemore Bray, United Way California Capital Region president and CEO
9/28/14	22:00	#904	A Community For Peace. What about the children? A conference for First Responders to Children Exposed to Domestic Violence. The conference is for anyone who is interested in understanding the impact of an environment
